**Whole School Approach:**

- To ensure that all students with special educational needs are supported to reach their educational potential;
- To ensure that the curriculum is broad, balanced and engaging;
- To provide a first class teaching and learning experience for all students;  To ensure students with SEN are supported as detailed in the Local Offer ([www.wiltshirelocaloffer.org.uk](http://www.wiltshirelocaloffer.org.uk)).

**SEN Needs:**

(Reference: SEN Policy January 2015)

As of (October 2016), we have 153 children or young people receiving some form of SEN Support.

We have internal processes for monitoring quality of provision and assessment of need.

- Use of GRAS: Graduated Response Approach
- Regular progress updates for students across all curriculum areas, including assessments of needs where appropriate.
- Observations and monitoring of provisions by SENCO and SMT Link.
- Literacy intervention - after screening in September in Year 7, students in an intervention group are assessed in February and in June using the WRAT 4 assessment. Progress is monitored and recorded by the Literacy HLTA. Concerns are discussed with the SENCO
- Speech and Language - targets are set by the Wiltshire Speech and Language therapist. Our HLTA monitors and records progress using a traffic light system-RAG rating. Together the HLTA and Wiltshire Speech and Language Therapist organise regular assessment of the students based on their targets.
- Students in Social Skill classes have individual targets. These are monitored by our ASD HLTA. Progress is recorded using a traffic light system. This is done each term.

### Consulting with children, young people and their parents

---

Involving parents and learners in the dialogue is central to our approach and we do this through:

Action/Event	Who's involved	Frequency
Pupil Progress Days	Tutor/student/parent	3 times a year
Meet the tutor evening	Tutor/student/parent	Once a year
Parents evening	Teachers/student/parent	Once/twice a year depending on key stage.
SENCO surgery	SENCO/parent/student	Monthly
Annual Reviews	SENCO/parent/student	Annually

Transition	Primary Schools/parents/pupils	SEN enhanced transition takes place in term 6. Visits can start earlier depending on the needs of the students.
------------	-----------------------------------	---

We also have strong links between Tutors, Progress Leaders, Pastoral Managers, Key Workers (where appropriate) and both the student and the parent. Meetings can happen throughout the year when they are needed.

## Staff development

We are committed to developing the ongoing expertise of our staff. All members of staff receive Safeguarding Training at the beginning of each academic year. We have current expertise in our school in addition to our SENCO:

## School Partnerships and Transitions

---

Our academic assessment for children and young people with special educational needs is moderated through our cluster of schools and neighbouring partners.

This year, we worked with our feeder partners to welcome **14** children and young people with special educational needs or disabilities. We supported students in Year 11, 12 and 13 in the transition to the next phase in education or employment.

### **Our approach for KS2-3 transition will vary depending on the needs of the individual student. This may include:**

- Matravers' teachers meeting with colleagues from feeder primary schools and visiting the students in their current class.
- SENCO attending annual reviews for children with an EHCP (or statement) from Year 5 onwards.
- Enhanced transition – a bespoke programme designed with the students in mind. The programme includes activities to build children's confidence about coming to secondary school by introducing them to the surroundings and the people they will be working with. This happens during the latter half of Year 6.

### **Our approach for post-16 transition will also vary depending on the needs of the individual student. This may include:**

- SEND lead workers from Wiltshire Council are invited to the relevant annual reviews at KS4 to assist and advise with transition.
- Support with researching possible post-16 options, visiting colleges, completing application forms and attending interviews.
- If necessary vulnerable students will be highlighted to the Youth Intervention Worker, who assists the students with applications and or information about the next phase in education and employment. In some circumstances this may be passed on to an SEN worker at Wiltshire County Council.

We closely monitor children and young people's destination data each year.

## Complaints

---

Please see our school website for information about our complaints procedure.

## Further development

---

We have recently undergone an extensive refurbishment of the Learning Support facilities. This includes further improving accessibility in classrooms and specifically designed literacy, social skills and classroom spaces.

Our strategic plans for developing and enhancing SEN provision in our school next year include continuing to improve the progress and attainment of students with SEN. Further developing the curriculum and supporting the delivery of high quality teaching and learning.
